My name is Paul E Klaas and I am the President/CEO of Pennsylvania Equity Mortgage, Inc. I have been doing business with Assured Settlement Solutions since inception but have worked with the staff at Assured while they were at other capacities. I cannot say enough about the people at Assured Settlement Solutions but more importantly the team they have in place and how they coordinate the mortgage settlement service process with extreme efficiency. Their performance is impeccable with turn times regarding the delivery of "I need it yesterday" type of various items needed throughout the mortgage origination process.

A special recognition to Robin Mastalski for "steering the ship" and to Noreen Wert for "taking on the waves". These ladies go above and beyond the call of duty to get their part done throughout the process. I am totally satisfied with their performance ALL of the time and quite often surprised with the speed of closing and the rapport built while doing so. When Noreen (Nor) closes a loan my clients remember her and that is huge for me as I am one for building long term relationships while doing things as efficient as possible.

I am not being compensated for this endorsement nor do I have any interest/ownership in the company. I can request the use of settlement services from anyone but just anyone most likely will not live up to the performance of this company. I order services through Assured Settlement Solutions on ALL of my loan originations unless a realtor or the client requests otherwise.

Should you require additional information or would like to speak to me directly please contact me at your convenience.

Kind Regards,

Paul E. Klaas
